„We came this far by faith“

We've come this far by faith, empowered by the Spirit and God's amazing grace.
Let us fix our eyes on Jesus and boldly run the race, for we've come this far by faith!

The saints of old stepped out in faith and trusted God even when they could not see the prize.
They were merely strangers just passing through the land, looking for a city far beyond the skies!

By faith:
Noah built an ark and saved his family.

By faith:
Abraham offered up his son.

By faith:
Moses stood against the mighty Pharoah's hand.

By faith:
The walls of Jericho came tumblin' to the ground!

By faith:
We can walk in victory with Jesus by our side.

By faith:
With the power of the Spirit we shall overcome.

By faith:
We believe that we will live eternally.

By faith:
We will see the gory of Jesus Christ the Son!

We've come this far by faith, empowered by the Spirit and God's amazing grace.
Let us fix our eyes on Jesus and boldly run the race, for we've come this far by faith!
We're praisin' the Lord!
We're comin' by faith!
By faith!
